

LIEBHERR
RENTAL

Self-Drive Solutions

With over 250 machines from a number of UK depots, Liebherr-Rental offers a self-drive hire service for both long and short term contracts.

LIEBHERR

Self-drive Solutions for the Construction and Material Handling Industries

Headquartered at Liebherr-Great Britain's hi-tech Biggleswade site, Liebherr-Rental fulfils customers' long- or short-term equipment needs with the same high standard of machinery and service that has earned Liebherr its enviable reputation.

With a fleet totalling over 250 machines located at Liebherr branches around the UK, Liebherr-Rental can accommodate long-term contract rentals, including providing custom-built equipment to meet company requirements where appropriate, with fixed monthly payments and no hidden costs.

Liebherr-Rental is also able to respond to short-term requirements quickly and effectively ensuring that customer productivity is not adversely affected by immediate equipment needs created by an increase in production, seasonal variations or breakdowns.

Liebherr-Rental provides the earthmoving and material handling sectors with the latest generation of high quality, fuel-efficient machinery that meets current UK emissions and safety regulations ensuring it is suitable for immediate work.

One of Liebherr's Rental Managers is always on hand to advise you on the right machines for your application and, as you would expect, Liebherr-Rental has a team of mobile service engineers with the capability to respond quickly to any breakdowns and offers an outstanding pro-active maintenance service.

Tracked Excavators

These high-specification machines range from the 15 tonne R 914 Compact excavator to the 78 tonne R 970 SME mass excavator. The R 914 Compact comes with a two-piece boom and bucket capacities ranging from 0.17m³ to 0.87m³. Mid-range excavators are well represented with the popular R 922 which is supplied with full auxiliary pipework. The largest excavator available for hire, the R 970 SME, has a full mass excavation specification, a bucket capacity of 5m³ with the option of a ripper attachment. Full quarry specification includes seatbelt light, travel alarm and front screen protection with a boxing ring on the larger excavators.

TRACKED EXCAVATORS				
Model	Operating Weight	Bucket Capacity	Quick Hitch	Rock Bucket
R 914 Compact	14,700 - 16,600 kg	0.8 m ³	✓	✗
R 922	21,350 - 23,600 kg	1.2 m ³	✓	✗
R 926	24,800 - 28,300 kg	1.4 m ³	✓	✗
R 936	30,550 - 34,750 kg	2.0 m ³	✓	✗
R 946	38,050 - 41,600 kg	2.8 m ³	✓	✓
R 956	49,600 - 57,100 kg	3.5 m ³	✗	✓
R 964	65,700 - 79,600 kg	4.5 m ³	✗	✓
R 970 SME	76,800 - 78,600 kg	5.0 m ³	✗	✓

Wheeled Loaders

The models available range from the L 514 to the 32 tonne L 586. The machines can be configured with either standard- or long-reach arms with a variety of bucket options, including high-tip and coal versions, to suit the material being handled.

For environments where punctures are a potential issue, solid tyres are available. Liebherr wheeled loaders are extremely fuel efficient and have virtually no brake wear thanks to the hydrostatic drive.

WHEELED LOADERS				
Model	Engine Output	Operating Weight	Tipping Load	Bucket Capacity
L514	72kw/98HP	8350 kg	5680 kg	1.5 m ³
L538	105kw/143HP	12,755 kg	9020 kg	2.5 m ³
L542	105kw/143HP	13320 kg	9760 kg	2.3 m ³
L550	130kw/177HP	16525 kg	11,650 kg	3.0 m ³
L556	140kw/191HP	17270 kg	13,146 kg	3.6 m ³
L566	190kw/259HP	22550 kg	15,550 kg	4.0 m ³
L576	200kw/272HP	24260 kg	17,200 kg	4.5 m ³
L586	250kw/340HP	31,380 kg	20,430 kg	5.5 m ³

Xpower®

XPOWER WHEELED LOADERS				
Model	Engine Output	Operating Weight	Tipping Load	Bucket Capacity
L550 XP	140kW/191HP	17,700 kg	12,200 kg	3.2 - 3.6 m ³
L556 XP	165kW/224HP	18,400 kg	13,700 kg	3.6 - 4.0 m ³
L566 XP	200kW/272HP	23,900 kg	15,900 kg	4.2 - 4.7 m ³
L576 XP	215kW/292HP	25,700 kg	17,600 kg	4.7 - 5.2 m ³
L586 XP	260kW/354HP	32,600 kg	22,500 kg	5.5 - 8.5 m ³

Hydrostatic Bulldozers

Fuel efficient and powerful, these machines range from the 163HP PR 726 to the 422HP, 52 tonne PR 764. Blade capacities can be adapted to suit the material handling application with all machines available with either a single- or three-shank ripper depending on dozer size.

The Tier IV 204HP PR 736 is available with either a straight or a 6-way blade offering enhanced versatility and only requires AdBlue to achieve its emission requirements. Most models in the dozer range are machine control ready.

HYDROSTATIC BULLDOZERS

Model	Engine Output	Operating Weight	Blade Type
PR 726	120kw/163HP	16,000 - 19,800 kg	6 way
PR 736	150kw/204HP	20,200 - 24,600 kg	straight/6 way
PR 746	185kw/252 HP	28,300 - 30,800 kg	Semi U
PR 756	250kw/340HP	38,300 - 41,150 kg	Semi U
PR 764	310kw/422HP	44,220 - 52,685 kg	Semi U

Material Handlers

Available for scrap and waste industries with a wide selection of front-end equipment to meet specific customer requirements. Base machine weights range from the LH 22 at 22 tonnes to the 38 tonne LH 40 M.

Depending on boom and dipper combinations, reach capabilities range from almost 9m to 16m with a wide variety of attachments available including scrap grabs, selector grabs, clamshell grabs, magnets and timber handling grapples.

Liebherr-Rental is also able to offer a bespoke pick and carry machine for the timber industry based on a 28 tonne wheeled machine with extended heavy-duty undercarriage.

MATERIAL HANDLERS - WASTE

Model	Operating Weight	Attachments
LH 22	22,500 - 22,700 kg	SG25 Sorting Grab
LH 24	23,800 - 24,300 kg	SG25 Sorting Grab

MATERIAL HANDLERS - SCRAP

Model	Operating Weight	Attachments
LH 26	25,300 - 25,950 kg	5 Tine Grab
LH 30	28,150 - 28,800 kg	5 Tine Grab
LH 40	38,000 - 38,850 kg	5 Tine Grab

Wheeled Excavators

Compact wheeled excavators are available with two piece boom and dozer blade at 12 and 15.5 tonne and are ideally suited to working on carriageways.

The A 918, with its high lift capacities, top digging performance and powerful engine is the ideal wheeled excavator in the 18-tonne class.

WHEELED EXCAVATORS

Model	Operating Weight	Attachments
A 910 Compact	11,800 - 12,800 kg	Ditch Cleaning, 48" and 24" buckets
A 914 Compact	15,300 - 17,500 kg	Ditch Cleaning, 48" and 24" buckets
A 918	17,700 - 19,900 kg	Ditch Cleaning, 54" and 24" buckets

Tracked Loaders

Available in two sizes, 16 and 22 tonnes, tracked loaders come in either standard or landfill specification and can be hired with rear ripper or drawbar.

TRACKED LOADERS			
Model	Engine Output	Operating Weight	Bucket Capacity
LR 624	105kw/143HP	16,897 - 18,549 kg	1.5 - 1.8 m ³
LR 634	129kw/175HP	20,746 - 22,694 kg	1.9 - 2.4 m ³
LR 636	135kw/181HP	21,200 - 22,700 kg	1.9 - 4.6 m ³

Telehandlers

These hydrostatic drive machines are compact, fuel efficient, extremely maneuverable and provide superb all-round vision. They offer a 7m reach and lift capacities ranging from 3.2 to 4.1 tonnes, depending on the model.

TELEHANDLERS		
Model	Max Lift Height	Max Lift Weight
TL 432-7	7m	3.2 tonnes
